CRB Custom Split-Grip Handle Kits

These handle kits have been set up to ease in the component selection for building this latest fad in Freshwater and light Saltwater handles. While split grips have been around for years it has taken the market by storm over the past few years. Every major rod manufacturer is offering a general rod series with these types of handles. These kits include the rear grip, foregrip, fighting butt with composite trim, reel seat, polyurethane reel seat arbor and an assortment of 6 winding checks to cover installation on just about any blank model.

Key	Stock #	Description	Butt Grip	Rear Grip	Foregrip

CRB Hand Wrapper System

CRB has revolutionized the hand-wrapper. The HWS-1 hand wrapping unit features a dual spool tensioner and a tension rod which allows for easy reversing while building. Thread then runs to the slider which can move seamlessly along the 10" wrapping base. Also features adjustable stands mounted to the base along with a third stand for supporting the butt or tip. Finally the HWS-1 incorporates interchangeable step by step instruction cards displaying a range of basic wrapping and advanced decorative techniques. (Basic wrapping Step by Step card included with HWS-1.)

Stock #	Description
HWS-1	CRB Hand Rod Wrapping System
HWS-TR	Replacement Tension Rod
HWS-SLIDER	Replacement Slider for HWS-1
RDS-STAND	Metal Support Stand
CARD-SET	ALL 6 STEP BY STEP CARDS

Third Support Stand Included with Purchase

RDS Triple Rod Dryer

CRB's Latest addition to it's best selling RDS Rod Dryers is the new RDS3 Triple Rod Dryer. Each unit features an Aluminum Dryer Stand and Support Stand. The drying motors are mounted at an angle so that all rods are accessible while finishing. Available in 9 R.P.M & 18 R.P.M as well as 110V & 220V

Stock #	Description
RDS3-9-110V	9 RPM Triple Dryer w/ Stand, 110V
RDS3-9-220V	9 RPM Triple Dryer w/ Stand, 220V
RDS3-18-110V	18 RPM Triple Dryer w/ Stand, 110V
RDS3-18-220V	18 RPM Triple Dryer w/ Stand, 220V

RDS3

Docking Station

*Brushes Sold Separately
*Includes 1 Mixing Rod

Epoxy Mixing System

Use the new CRB Epoxy Mixing System for perfectly mixed, bubble-free epoxy. The EM1 features an 18RPM mixing motor with 6ft power cord, plug and switch mounted on a powder coated steel base, and non-slip foot pads. Will accommodate both the MC125 (2.5oz) mixing cup for larger batches of finish and the MXC1.0 (1oz.) mixing cup for smaller batches. The Stand also features a docking station for your brushes and mixing rod (Mixing rod provided and five 2.5oz mixing cups)

Stock #	Description
EM1-110V	CRB Epoxy Mixer - 110V
EM1-220V	CRB Epoxy Mixer - 220V
EM1-MXR	Replacement Mixing Rod

- Easy to Use
- Available in 9 or 18 RPM Motors
- Form Fitting Chuck
- Powder Coated Steel Bases
- Perfect for All Rod Builders

RDS Rod Dryer System

CRB developed its new RDS (Rod Drying System) with two things in mind, Value and Quality. The new RDS units offers Rod Builders a durable, easy to use drying unit that is perfect for novice and professionals alike. Plus it has a price point unheard of in the industry without sacrificing functionality. Each unit features either a 9 or 18 RPM drying motor with 6' cord, form fitting chuck and a dryer Support Stand.

Stock #	Description
RDS-9-110V	RDS Rod Drying System, 9 R.P.M, 110V w/ Stand
RDS-9-220V	RDS Rod Drying System, 9 R.P.M, 220V w/ Stand
RDS-18-110V	RDS Rod Drying System, 18 R.P.M, 110V w/ Stand
RDS-18-220V	RDS Rod Drying System, 18 R.P.M, 220V w/ Stand

RDS PARTS & ACCESSORIES

Stock #	Description
DM-9-110	9RPM Motor for CRB Rod Dryer, 110v
DM-9-220	9RPM Motor for CRB Rod Dryer
DM-18-110	18RPM Motor for CRB Rod Dryer, 110v
DM-18-220	18RPM Motor for CRB Rod Dryer, 220v
RDS-110VCORD	110V 6' Cord for RDS w/ Switch
RDS-220VCORD	220V 6' Cord for RDS w/ Switch (no connector)
RDS-CHUCK	Self Adjusting Chuck Assembly
RDS-CAP	Rubber SAC-Cap - Black
RDS-FELT	4" Black Felt Strip for RDS-V
RDS-V	V Insert for RDS Dryer Support Base

CRB Spine Finder & Deflection System

The CRB Spine Finder System will quickly and accurately locate the exact spine of any blank. Just insert blank and push down on tip. Precision ball bearings, adjustable PVC base pre-drilled for easy mounting. A "must" if you build custom rods.

Stock #	Description
CRB-SF	CRB Spine Finder & Deflection System
R20-Z	Shielded R20 Replacement Bearing
SF-CLIP	Replacement Bearing Retaining Clip
SF-PIN	Replacement Adjustment Hitch Pin

- Easy to Use
- Multi Use Tool
- Strong PVC Base
- Precision Ball Bearings

Laser Alignment System

Properly aligning guides can be one of the most tedious tasks when building a custom rod. The CRB Laser Alignment System features a reel foot mount mounted laser housing with vertical beam, leveling bubbles and reversible tape measure. Once mounted, a perfectly straight beam is projected down the rod all the way to the tip. The vertical laser makes aligning guides and buttwraps a snap. While fishing rod blanks are not as straight as a laser, this tool will greatly aid you in aligning your guides.

Head Strap Magnifier with LED Work Light

Four precision lenses provide just the right magnification for the job

- Brilliant long-lasting LED work light
- Adjustable head strap with antiglare visor
- Batteries Included
- Magnification: 1.2x, 1.8x, 2.5x and 3.5x

Stock #
HSMAG2

EGR

Grit Reamer Tool

A simple and economical reamer. 18" rod blank stock with abrasive grit, perfect for reaming cork grips. Slightly tapered. Available in 4 sizes: x-small, small, medium & large.

Stock #	Length	Tapered O.D.
EGR-Small	18"	0.250" - 0.290"
EGR-Medium	18"	0.300" - 0.365"
EGR-Large	18"	0.375" - 0.435"
EGR-X-Large	18"	0.445" - 0.520"
EXR-KIT (4PK-1 of Each Size)		

** Due to excessive heat generated by power reaming do not use the EGR-S under power.*

Disposable Nylon Finish Brushes

Very low cost, quality rod finishing brushes. Great for applying Rod Finish and Color Preserver. Available in 1/8" and 1/4".

Stock #	Length	Type
FBN	1/4"	Nylon
*FBN-100	1/4"	Nylon
+FBN-10	1/4"	Nylon
FBNL	1/8"	Nylon
*FBNL-100	1/8"	Nylon
+FBNL-10	1/8"	Nylon

*100 Per Bag +10 Per Bag

Rod Building Masking Tape

60 yards. Masking tape is commonly used in rod building to make bushings for reel seats in lieu of graphite arbors. Also helpful when weaving butt wraps without a loom. No rod builder should be without a roll.

Stock #	Type	Length
NMT-1/2	1/2"	60 yds
NMT-1/4	1/4"	60 yds
NMT-1/8	1/8"	60 yds

Ox Hair Brushes

From the broad strokes used to apply base coats to the precision required for perfecting the finishing touches, ox hair brushes offer rod builders great versatility in brush stroke.

Stock #	Length	Type
FBO-12	1/2"	Ox
FBO-14	1/4"	Ox

BCSI

Self-Sealing Bottle Cap Syringe Insert

These convenient bottle cap inserts feature a self-sealing design (not a rubber grommet) that allows rod builders to safely withdraw rod finish from a bottle without worry of spillage or a messy cleanup. Sold individually.

Stock #	Length
BCSI-20	Fits 1oz bottles only
BCSI-24	Fits 2oz, 4oz, 8oz, 16oz bottles

Alcohol Burner

These great burners come with a cap and long wick for years of service. In rod building, alcohol burners are used for "flaming finish" to get level finishes and remove air bubbles. Alcohol burners can also be used for heating up tip tops for removal and melting tip top adhesives.

ALB

Stock #	Description
ALB	Alcohol Burners
ALB-W	Alcohol Burner Extra Wick

FOILD-3

Foil Epoxy Mixing Dish

3" smooth-side disposable epoxy mixing dishes. These foil dishes help absorb the heat generated by two-part epoxies during mixing, thereby extending the epoxy pot life. Also, the epoxy flattens out while in the dish to help decrease bubbles. 25-pack.

Stock #
FOILD-3

FBA

3/8" Acid Finishing Brush

Nylon bristle brush that can be discarded after use, economically priced. 3/8".

Stock #	Length	Type
FBA	3/8"	Acid

Red Sable Finish Brush

The finest pure red sable makes this brush the absolute best on the market. The firm, densely arranged sable provides superior control. This is the secret to applying finish to wraps at high RPMs. High durability provides continuous performance for months to both manufacturers and custom rod builders. Cleans up easily with epoxy brush cleaner or solvent.

Stock #	Length	Type
FBCH14	1/4"	Sable
FBCH38	3/8"	Sable
FBCH12	1/2"	Sable
FBCH916	9/16"	Sable
• FBCH-AST	Assortment	Sable

• Assortment 1 of each size (1/4", 3/8", 1/2", 9/16")

Rod Builder's Thread Pick

Thread picks are useful for moving around threads and packing thread wraps tighter.

RHP

Stock #
RHP-1

Mixing Sticks (100 pk.)

Great for mixing epoxy. 4 x 3/8" popsicle-style disposable mixing sticks. 100 per package.

STX

Stock #	Description
STX1	100 Wood Sticks

Single Edge Razor Blades

Each blade protected by a cardboard sheath. Box of 100 blades.

Stock #

BL100

FC5

China Marker

Excellent for marking blank with guide and thread layout. For white blanks try the red or black options.

Stock #	Colors
FC5-Color	White, Red, or Black

SPATULASET

Spatula Set

Four-piece spatula set, great for applying finish or mixing epoxy, just wipe clean and use again.

Stock #
SPATULASET

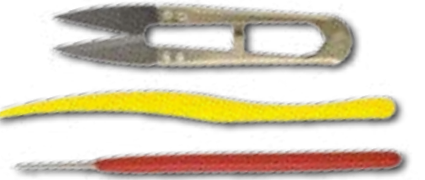

PROBSET

Thread Pick Set

5 piece set of steel probes. Great for straightening threads on wraps.

Stock #
PROBSET

Thread Combo Tool Pack

Bag contains one each: Burnishing Tool, Clippers and Thread Pick.

CP114B

Stock #
CP114B

PBT

Thread Burnishing Tool

A smooth plastic device used to smooth, flatten and tighten win-dings prior to coating procedures. An indispensable tool for the custom rod wrapper.

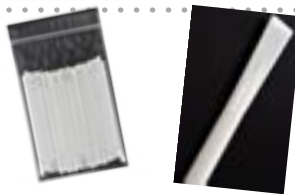

Stock #
PBT

Digital Caliper

When precision is a must, a digital caliper will guarantee that all of your measurements are correct. Measures inches or millimeters and switches back and forth between standard and metric with the touch of a button. This valuable tool can measure both inside and outside diameters and no rod builder should be without one. Includes 2 batteries and black storage case.

Stock #
DIGITALCAL

DIGITALCAL

PSTX

Paddle Stir Sticks (25 pk.)

Great for mixing epoxy. Plastic tool measures 4.5" in length. 25 per package.

Stock #	Description
PSTX	25 Sticks
